List of Seminars /workshops

A.Y.:2022-2023

S.NO.	Name of the Programme	Date	No. of Participants	Details of the Resource Person
1	A One-Day Workshop On Titled Navigating Entrepreneurship And Career	10.06.2022	40	Dr. B.PRASAD RAO Associate Professor Dept of MBA Sri Shivani College of Engineering
2	A One Day Seminar On Importance Of Intellectual Property Rights In Modern Global Economic Environment	04.08.2022	38	T. Gupta, Assistant Professor, ECE, SVCET, Srikakulam
3	A One Day Seminar On Computer Vision: R&D Applications And Algorithms	15.09.2022	37	G.Sudeer, Assistant professor, SVCET, Srikakulam
4	A One-Day Seminar On Lessons From Young Entrepreneurs	21.09.2022	55	Dr A.Kanthi, Young Entrepreneur, Sursys softline solutions
5	A One Day Seminar On Research On Advancement Of Civil Engineering	10.11.2022	32	Mr.Pinninti Rajakumar, Lead-QA.QC Professional member of ILCE
6	A One Day Seminar On Intellectual Property Rights And Its Protection	20.12.2022	50	G. Appala Naidu, Assistant Professor, BS&H, SVCET, Srikakulam
7	A One Day Seminar On Research & Development Challenges In Control System For EEE Engineers	13.02.2023	24	A. Apparao, Associate Professor, Sri Venkateswara College of Engineering and Technology, Etcherla, Srikakulam
8	A One Day Seminar On Research And Development Of Hybrid Vehicles	14.02.2023	38	Dr.G.Chandra Sekhar, Ph.D, LMISTE, FIE, SMIEEE, Professor, Dept.of EEE, GMRIT
9	A One Day Seminar On Research On Artificial Intelligence And Machine Learning	22.02.2023	45	Dr. A. Venkata Ramana, M.Tech., Ph.D, HOD, Dept. of CSE,GMRIT-Rajam.
10	A One Day Research Seminar On: Deep Drive Into AIMI: Emerging Trends And Research Directions	17.03.2023	37	Dr. S. Mouli Professor, Computer Science Engineering, SISTAM, Srikakulam
11	A One Day Workshop On IPR Strategies For Business Growth: Leveraging Innovation And Intellectual Assets	05.04.2023	44	Dr. S. Mouli, Professor, CSE, SISTAM, Srikakulam
12	A One Day Seminar On Research And Development Of Wireless Communication System	06.04.2023	36	Dr. Gottapu Appala Naidu, Assistant Professor of ECE Department, JNTU-GV

www.svcet.info

ABOUT THE COLLEGE:

Sri Venkateswara College of Engineering & Technology, Etcherla, Srikakulam (Dist.) was established in 2008 by VIKAS EDUCATIONAL SOCIETY (1997) with an avowed objective of accelerating the growth of science and technology in this industrially backward Srikakulam district. SVCET is accredited by NAAC in 2016. The Institution aims at providing state-of-the-art technology to the student community to broaden their horizon for a better and prospective tomorrow end owed with highly qualified and seasoned faculty on its rolls. Sri Venkateswara College of Engineering & Technology is committed to "Impart quality education to the youth enable them the right attitude, professional competency and inculcate ethical values. The Institute is a recipient of Best Green Campus award for 2017 by Govt. of A.P. in 2018.

ABOUT EDC:

Entrepreneurship Development Cell (EDC) is being promoted in SVCET to develop institutional mechanism to create entrepreneurial culture and to foster entrepreneurship for generation of wealth and employment. To guide and assist prospective entrepreneurs on various aspects such as preparing project reports, obtaining project approvals, loans and facilities from agencies of support system, information on technologies, To arrange interaction with entrepreneurs and create a mentorship scheme for student entrepreneurs.

Cell is a core area in an Engineering College which complements the efforts of the members of faculty by organizing value-added programs and providing placement opportunities to students. The cell continuously coordinates with various industries and organizations for placement of the students.

ABOUT THE WORKSHOP:

A one day workshop on 'Titled navigating entrepreneurship on career development' is a beneficial objective in the field of Entrepreneurship. It is a practical tool for helping participants to develop Personal Entrepreneurial Competencies (PECs). Entrepreneurship is a dynamic process of vision change and creation. It requires an application of energy and passion towards the creation and implementation of new ideas and creative solutions. Essential ingredients include the willingness to take calculated risks – in terms of time, equity, or career; the ability to formulate an effective venture team; the creative skill to marshal needed resources; and fundamental skill of building solid business plan.

PROGRAM REPORT

Date: 11.06.2022

EDC Cell organised A One-day Workshop on Titled Entrepreneurship and Career Development. The following member is invited as a Resource person for the Workshop Dr. B.PRASAD RAO Associate Professor Dept of MBA Sri Shivani College of Engineering, Srikakulam. Andhra Pradesh.

Highlighted the importance of Entrepreneurship and Career. The expert sessions covered various aspects of Entrepreneurship & Career:

- **Idea Generation Techniques:**
Generating innovative ideas is a crucial step towards entrepreneurial success. This slide will discuss various idea generation techniques such as brainstorming, mind mapping, and prototyping.
- **Creating an Innovative Culture:**
To foster entrepreneurial success, it is essential to create an innovative culture within the organization.
- **Entrepreneurial Mindset:**
Developing an entrepreneurial mindset is key to fostering success. This slide will highlight the characteristics of successful entrepreneurs, including resilience, adaptability, and perseverance.

All the Participants felt highly impressed and motivated of the seminar.

OBJECTIVES OF THE PROGRAM

The objective of the program is to bring awareness in the students about Fostering Entrepreneurial Success: Nurturing Innovation and Idea Generation. In this session, we will explore the key factors that contribute to entrepreneurial success and how to foster a culture of innovation. Let us dive in!

OUTCOMES OF THE PROGRAM

All the students who are participate in the program have felt free and realised the importance of knowledge about In conclusion, fostering entrepreneurial success requires nurturing a culture of innovation and idea generation. By embracing creativity, encouraging idea generation techniques, creating an innovative culture, and developing an entrepreneurial mindset, entrepreneurs can position themselves for long-term success.

Department Vision:

Our vision is to be a global leader in computer science and engineering education, research, and innovation.

Department Mission:

Our mission is to advance the frontiers of computer science and engineering through excellence in education, research, and innovation. We are committed to providing our students with a comprehensive and cutting-edge education that prepares them to become leaders and innovators in the rapidly evolving field of computing.

Objective:

The objective of the program is to raise awareness among attendees about the importance of intellectual property protection as a strategic asset for businesses, industries, and national economies in today's knowledge-based economy.

Expected Outcomes:

Participants will learn how to strategically manage and leverage intellectual property rights to drive business success, including strategies for IP portfolio management, licensing, technology transfer, and IP-based business models.

ABOUT THE INSTITUTION

Sri Venkateswara College of Engineering & Technology ETCHERLA were established in 2008 by VIKAS EDUCATIONAL SOCIETY (1997) with an avowed objective of accelerating the growth of science and technology in this industrially backward Srikakulam district. The Institution aims at providing state-of-the-art technology to the student community to broaden their horizon for a better and prospective tomorrow in their own interest and also in interest of the society at large. We have extensive record in the field of education. The institution is endowed with highly qualified and seasoned faculty on its rolls. Sri VENKATESWARA College of Engineering & Technology is committed to "impart quality education to the youth enable them the right attitude, professional competency and inculcate ethical values".

ABOUT THE DEPARTMENT

Computer Science and Engineering is a profession that links science, technology and problem solving skills to acquire knowledge of the design, implementation, and management of information systems of both hardware and software. You will, further, learn to use computing and information technology to help solve existing and potential real-world problems that we face in business, science, and society. It is a challenging but exciting and rewarding area to study. The department of CSE was established in 2008 with aim of importing high quality technical education in the area of Computer Science and Engineering with an intake of 60. The Department of CSE offers many courses that can be chosen as electives by the students of the other departments.

Department Vision

Our vision is to be a global leader in computer science and engineering education, research, and innovation.

Department Mission

Our mission is to advance the frontiers of computer science and engineering through excellence in education, research, and innovation. We are committed to providing our students with a comprehensive and cutting -edge education that prepares them to become leaders and innovators in the rapidly evolving field of computing.

PROGRAM REPORT

It is to inform that A ONE DAY SEMINAR ON COMPUTER VISION: R&D APPLICATIONS AND ALGORITHMS has been conducted on 15th Sep 2022 [10.00 AM to 04.00 PM] in the Digital Hall of CSE department. The following member is invited as a Resource person for the seminar.

Resource person: **G. Sudeer Kumar, Assistant Professor, CSE, SVCET, Srikakulam.**

Sri, Mr. Sanapala Bhaskara Rao HOD of CSE Dept. is the coordinator of the program.

All participants found the seminar to be incredibly impactful, leaving them energized and enthusiastic. They openly expressed their interest and recognized the seminar's importance, affirming that their participation provided a truly immersive and valuable learning experience.

OBJECTIVES OF THE PROGRAM

The objective of the programs to bring awareness in the Provide insights into the diverse applications of computer vision in research and development across various domains, including healthcare, autonomous vehicles, security, and more.

OUTCOMES OF THE PROGRAM

All the students who have participated in A ONE DAY SEMINAR ON COMPUTER VISION: R&D APPLICATIONS AND ALGORITHMS have felt free and realized the importance of research and Participants gain a comprehensive understanding of the latest advancements, challenges, and opportunities in computer vision R&D applications and algorithms enabling them to stay at the forefront of the field. **37 students participated in the program.**

CIRCULAR

DATE:13/09/2022

This is to inform to all the students that the EDC cell is going to conduct **A ONE-DAY SEMINOR ON FROM YOUNG ENTREPRENEURS.**

The workshop aimed to make a student aware of young entrepreneur about “success is not what you have, but who are you.”

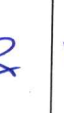

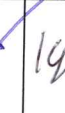

Coordinator : Mr. CH. SURESH Asst. Prof, Dept of MBA,SVCET.
Resource Person : Dr. A. KANTHI, Young Entrepreneur, Surya Softline solutions, Srikakulam
Date : 21TH -SEP-2022

All the students must attend the seminar in the seminar hall at 9:30AM with the proper dress code & ID cards.

ABOUT THE COLLEGE:

Sri Venkateswara College of Engineering & Technology, Etcherla, Srikakulam (Dist.) was established in 2008 by VIKAS EDUCATIONAL SOCIETY (1997) with an avowed objective of accelerating the growth of science and technology in this industrially backward Srikakulam district. SVCET is accredited by NAAC in 2016. The Institution aims at providing state-of-the-art technology to the student community to broaden their horizon for a better and prospective tomorrow end owed with highly qualified and seasoned faculty on its rolls. Sri Venkateswara College of Engineering & Technology is committed to "Impart quality education to the youth enable them the right attitude, professional competency and inculcate ethical values. The Institute is a recipient of Best Green Campu saward for 2017 by Govt .of A.P .in 2018.

ABOUT EDC:

Entrepreneurship Development Cell (EDC) is being promoted in SVCET to develop institutional mechanism to create entrepreneurial culture and to foster entrepreneurship for generation of wealth and employment. To guide and assist prospective entrepreneurs on various aspects such as preparing project reports, obtaining project approvals, loans and facilities from agencies of support system, information on technologies, To arrange interaction with entrepreneurs and create a mentorship scheme for student entrepreneurs.

it is a core area in an Engineering College which complements the efforts of the members of faculty by organizing value-added programs and providing placement opportunities to students. The cell continuously coordinates with various industries and organizations for placement of the students.

ABOUT THE WORKSHOP:

A one day workshop on ' lessons from young entrepreneurs' is to bring awareness in the students about Nurturing Young entrepreneurs require providing them with a supportive environment, encouraging their creativity and resourcefulness, and instilling in them a growth mindset, by empowering students to embrace entrepreneurship, we pave the way for a future generation of successful business leaders

PROGRAM REPORT

Date:22/09/2022

EDC cell organized A **ONE-DAY SEMINOR ON LESSONS FROM YOUNG ENTREPRENEURS.**

The following member is invited as a Resource person for the seminar **Dr. A. Kanthi, Young Entrepreneur, Surya Soft line solutions, Srikakulam, A.P.** highlighted the importance of taking inspiration from successful young Entrepreneurs. The expert sessions covered various aspects of successful tips for young entrepreneur.

- **Why Entrepreneurship?**
Entrepreneurship offers students the opportunity to develop essential skills such as creativity, leadership, and problem solving. it fosters independence and prepare them for the ever changing business landscape.
- **Identifying opportunities:**
Successful young entrepreneurs have a keen eye for identifying market gaps and unmet needs. They leverage their passions and interested to create innovative solutions that resonate with their target audience.
- **Building strong network:**
Establishing a supportive network is crucial for young entrepreneurs. They seek mentors, join entrepreneurial communities, and collaborative with like mind individuals to gain valuable insights and expand their professional connections.
- **Overcoming challenge:**
Entrepreneurship is not without its challenges. Young entrepreneurship must possess resilience and adaptability to overcome obstacles such as financial constraints, competition, and failure.

All the participants felt highly impresses and motivated of the seminar. They feel that it is a time experience for them in participating in the seminar.

ABOUT THE PROGRAM

Objective:

The objective of the program is to explore and discuss the latest research and advancements in the field of civil engineering, fostering knowledge exchange, collaboration, and innovation among professionals, researchers, and students. This seminar structure will effectively cover the key areas of interest in civil engineering, promoting both educational and professional development

Expected Outcomes:

All The Students Who Have Participated In A One Day Seminar On “**A ONE DAY SEMINAR ON RESEARCH ON ADVANCEMENT OF CIVIL ENGINEERING**” Have Felt Free And Realized The Importance Of Research And Very Much Enthusiastic To Get Them Absorbed In Research After Completion Of Their Studies. Participants will gain insights into the latest research findings and technological advancements in civil engineering and also Understanding the impact of advancements on improving efficiency, sustainability, and safety in civil engineering. These outcomes will contribute to the overall advancement of the civil engineering field by fostering a culture of continuous learning, collaboration, and innovation.

ABOUT THE INSTITUTION

Sri Venkateswara College of Engineering & Technology ETCHERLA were established in 2008 by VIKAS EDUCATIONAL SOCIETY (1997) with an avowed objective of accelerating the growth of science and technology in this industrially backward Srikakulam district. The Institution aims at providing state-of-the-art technology to the student community to broaden their horizon for a better and prospective tomorrow in their own interest and also in interest of the society at large. We have extensive record in the field of education. The institution is endowed with highly qualified and seasoned faculty on its rolls. Sri VENKATESWARA College of Engineering & Technology is committed to “impart quality education to the youth enable them the right attitude, professional competency and inculcate ethical values”.

ABOUT THE DEPARTMENT

The Civil Engineering Department of SVCET was established in 2014. The department is currently offering B. Tech in Civil Engineering. The Civil Engineering Department has the state of art infrastructure with well equipped labs, software and computer center with an intake of 60. They are supported by experienced and qualified faculty. The laboratory facilities are available in all subject areas of Civil Engineering. In addition to the regular curriculum, the department is offering add on courses on communication skills, arithmetical reasoning, programming languages etc. for enriching the competitive knowledge of the students and preparing them for better employability. Students are also engaged in the projects works which demands the needs of social body in the surrounding situations as well as in the research projects.

The department is also offering consultancy services in the areas of Material testing, Mix design and Analysis of structures. The clients are from R&B, RWS, Irrigation etc.

DEPARTMENT VISION

Emerge as a Center of pre-eminence in Engineering, education, research and services.

DEPARTMENT MISSION

- To produce graduates with scientific and technical knowledge and excellent engineering skills for professional practice, employment, advanced study and research.
- To inculcate professional and ethical values related to industry, society and environment.
- To interact with industries, to meet their requirements through employable graduates.

PROGRAM REPORT

It is to inform that “A ONE DAY SEMINAR ON RESEARCH ON ADVANCEMENT OF CIVIL ENGINEERING” has been conducted on 10/11/22 [10am to 4pm] in the Seminar hall of CIVIL Department.

The following member is invited as a Resource person for the seminar.

NAME: Mr.Pinninti Rajakumar, Lead-QA/QC | Professional member of ILCE | ISO 9001:2015 Internal QMS Auditor | Airports/Highway/Railway construction Professional | Career coach | Mentor | Guest lecturer

Mr.V. Udaya Bhanu, Asst. Professor, CIVIL Dept is the coordinator of the program.

Number of Students attended: 32

The Resource person has explained about importance and scope of research on advancement of civil engineering and Explore current and emerging research areas within CIVIL engineering. All the participants felt highly impressed and motivated of the Seminar.

OBJECTIVES OF THE PROGRAM

The objective of the program is to explore and discuss the latest research and advancements in the field of civil engineering, fostering knowledge exchange, collaboration, and innovation among professionals, researchers, and students. This seminar structure will effectively cover the key areas of interest in civil engineering, promoting both educational and professional development.

OUTCOMES OF THE PROGRAM

All The Students Who Have Participated In “A ONE DAY SEMINAR ON RESEARCH ON ADVANCEMENT OF CIVIL ENGINEERING” Have Felt Free And Realized The Importance Of Research. They gain insights into the latest research findings and technological advancements in civil engineering and also Understanding the impact of advancements on improving efficiency, sustainability, and safety in civil engineering.

CIRCULAR

Date 13-12-2022

This is to inform to all the students of B-Tech that we are going to conduct **A One Day Seminar On Intellectual Property Rights And Its Protection** on **20-12-2022** [10A.M to 4P.M] All the students have to report at the seminar hall sharp at 9:30A.M with the proper dress code and with ID cards. Attendance is mandatory.

Resource person: Mr. G. Appala Naidu, Assistant Professor, BS&H, SVCET, Srikakulam

All the students have to attend the seminar hall of the BS&H department at 9:30A.M without fail.

This program is aimed to: The students can learn different types of Intellectual Property Rights like Copyrights, Geographic Indications, and Industrial Design in detail.

About the Institution:

Sri Venkateswara College of Engineering & Technology ETCHERLA were established in 2008 by VIKAS EDUCATIONAL SOCIETY (1997) with an avowed objective of accelerating the growth of science and technology in this industrially backward Srikakulam district. The Institution aims at providing state-of-the-art technology to the student community to broaden their horizon for a better and prospective tomorrow in their own interest and also in interest of the society at large. We have extensive record in the field of education. The institution is endowed with highly qualified and seasoned faculty on its rolls. Sri VENKATESWARA College of Engineering & Technology is committed to “impart quality education to the youth enable them the right attitude, professional competency and inculcate ethical values”.

About the Department:

Artificial Intelligence and Machine Learning is a profession that uses science, technology and problem solving skills will acquire knowledge of the design, implementation, and management of information systems of both hardware and Software. The department of AIML was established in 2021 with aim of importing high quality technical education in the area with an intake of 60 and Increased to 120 in the year of 2022.

Department Vision:

Our vision is to be a global leader in computer science and engineering education, research, and innovation.

Department Mission:

Our mission is to advance the frontiers of computer science and engineering through excellence in education, research, and innovation. We are committed to providing our students with a comprehensive and cutting-edge education that prepares them to become leaders and innovators in the rapidly evolving field of computing.

Objective:

The objective of the program is to raise awareness among attendees about the importance and relevance of intellectual property rights in fostering innovation, creativity, and economic growth, emphasizing their role as valuable assets for businesses and individuals.

Expected Outcomes:

Educate participants about common risks and threats to intellectual property rights, such as infringement, piracy, counterfeiting, and unauthorized use, and provide guidance on how to mitigate these risks through proactive measures.

ABOUT THE INSTITUTION

Sri Venkateswara College of Engineering & Technology ETCHERLA were established in 2008 by VIKAS EDUCATIONAL SOCIETY (1997) with an avowed objective of accelerating the growth of science and technology in this industrially backward Srikakulam district. The Institution aims at providing state-of-the-art technology to the student community to broaden their horizon for a better and prospective tomorrow in their own interest and also in interest of the society at large. We have extensive record in the field of education. The institution is endowed with highly qualified and seasoned faculty on its rolls. Sri VENKATESWARA College of Engineering & Technology is committed to "impart quality education to the youth enable them the right attitude, professional competency and inculcate ethical values".

ABOUT THE DEPARTMENT

Electrical and Electronics Engineering is a profession that uses science, technology and problem solving skills to design construct and maintain products. It is a challenging but exciting and rewarding area to study. The department of EEE was established in 2008 with aim of importing high quality technical education in the area of Electrical and Electronics Engineering with an intake of 60. The department offers post graduate program in the specialization of Power Electronics and control systems. The department of EEE offers many courses that can be chosen as electives by the students of the other departments. The curriculum has been designed to take the college to levels on par with advanced institutes.

The EEE Department has well qualified and experienced faculty members supported by trainers. The department adopts the right blend of practical approaches in training the students and placements.

DEPARTMENT VISION

To be a globally recognized center of excellence in Electrical and Electronic Engineering, pioneering innovations that shape the future of technology and society.

DEPARTMENT MISSION

Our mission is to provide transformative education, conduct cutting-edge research, and foster innovation in Electrical and Electronic Engineering to address global challenges and improve quality of life.

PROGRAM REPORT

It is to inform that **A ONE DAY SEMINAR ON RESEARCH & DEVELOPMENT CHALLENGES IN CONTROL SYSTEM FOR EEE ENGINEERS** has been conducted on **13th Feb 2023**[10.00AMto04.00PM] in the Digital Hall of EEE Department. The following member is invited as a Resource person for the seminar.

Resource person: A. Apparao, Associate Professor, Sri Venkateswara College of Engineering and Technology, Etcherla, Srikakulam

Sri, K.Seetharamayya, Asst.prof, EEE Dept. is the coordinator of the program.

The seminar deeply impressed and motivated every attendee, sparking a newfound passion and drive. Their expressed interest and acknowledgment of the seminar's importance underscored its value, with participants unanimously agreeing that their involvement offered a valuable and immersive learning opportunity.

OBJECTIVES OF THE PROGRAM

The objective of the program is to bring awareness in the Analyze and discuss the current challenges faced in the research and development of control systems for electrical and electronics engineering (EEE) professionals.

OUTCOMES OF THE PROGRAM

All the students who have participated in **A ONE DAY SEMINAR ON RESEARCH & DEVELOPMENT CHALLENGES IN CONTROL SYSTEM FOR EEE ENGINEERS** have felt free and realized the importance of research and Participants gain a deeper insight into the complex challenges encountered in control system research and development specific to EEE engineering, enabling them to develop more informed strategies and solutions. **Today 24 students participated in the program.**

ABOUT THE PROGRAM

Objective:

The objective of the program is to explore the latest research, technological advancements, and development trends in hybrid vehicles, fostering knowledge exchange, collaboration, and innovation among industry professionals, researchers, and students. This seminar structure will effectively cover the key areas of interest in hybrid vehicle development, promoting both educational and professional development

Expected Outcomes:

All The Students Who Have Participated In A One Day Seminar On “**A ONE DAY SEMINAR ON RESEARCH AND DEVELOPMENT OF HYBRID VEHICLES**” Have Felt Free And Realized The Importance Of Research And Very Much Enthusiastic To Get Them Absorbed In Research After Completion Of Their Studies. All the Participants gain comprehensive insights into the latest research and technological advancements in hybrid vehicles. These outcomes will contribute to the advancement of hybrid vehicle technology by promoting a culture of continuous learning, collaboration, and innovation within the industry.

ABOUT THE INSTITUTION

Sri Venkateswara College of Engineering & Technology ETCHERLA were established in 2008 by VIKAS EDUCATIONAL SOCIETY (1997) with an avowed objective of accelerating the growth of science and technology in this industrially backward Srikakulam district. The Institution aims at providing state-of-the-art technology to the student community to broaden their horizon for a better and prospective tomorrow in their own interest and also in interest of the society at large. We have extensive record in the field of education. The institution is endowed with highly qualified and seasoned faculty on its rolls. Sri VENKATESWARA College of Engineering & Technology is committed to “impart quality education to the youth enable them the right attitude, professional competency and inculcate ethical values”.

ABOUT THE DEPARTMENT

Electrical and Electronics Engineering is a profession that uses science, technology and problem solving skills to design construct and maintain products. It is a challenging but exciting and rewarding area to study. The department of EEE was established in 2008 with aim of importing high quality technical education in the area of Electrical and Electronics Engineering with an intake of 60. The department offers post graduate program in the specialization of Power Electronics with the intake of 18. The department of EEE offers many courses that can be chosen as electives by the students of the other departments. The curriculum has been designed to take the college to levels on par with advanced institutes.

The EEE Department has well qualified and experienced faculty members supported by trainers. The department adopts the right blend of practical approaches in training the students and placements.

DEPARTMENT VISION

To be a globally recognized center of excellence in Electrical and Electronic Engineering, pioneering innovations that shape the future of technology and society.

DEPARTMENT MISSION

Our mission is to provide transformative education, conduct cutting-edge research, and foster innovation in Electrical and Electronic Engineering to address global challenges and improve quality of life.

PROGRAM REPORT

It is to inform that “A ONE DAY SEMINAR ON RESEARCH AND DEVELOPMENT OF HYBRID VEHICLES” has been conducted on 14/02/2023 [10am to 4pm] in the Digital hall of EEE department.

The following member is invited as a Resource person for the seminar.

Name: Dr.G.Chandra Sekhar, Ph.D, LMISTE, FIE, SMIEEE, Professor, Dept.of EEE, GMRIT

Mr.K.Seetharamayya ,Ast.proff, EEE Dept, is the coordinator of the program.

Number of Students attended: 38

The Resource person has explained about importance and scope of research and development of Research and Development on Hybrid Vehicles and Explore current and emerging research areas within Electrical and Engineering. All the participants felt highly impressed and motivated of the Seminar.

OBJECTIVES OF THE PROGRAM

The objective of the program is to explore the latest research, technological advancements, and development trends in hybrid vehicles, fostering knowledge exchange, collaboration, and innovation among industry professionals, researchers, and students. This seminar structure will effectively cover the key areas of interest in hybrid vehicle development, promoting both educational and professional development

OUTCOMES OF THE PROGRAM

All The Students Who Have Participated In “A ONE DAY SEMINAR ON RESEARCH AND DEVELOPMENT OF HYBRID VEHICLES” Have Felt Free And Realized The Importance Of Research And Very Much Enthusiastic To Get Them Absorbed In Research After Completion Of Their Studies.

ABOUT THE PROGRAM

Objective:

The objective of the program is to explore and discuss the latest research, advancements, and applications in artificial intelligence (AI) and machine learning (ML), fostering knowledge exchange, collaboration, and innovation among industry professionals, researchers, and students. This seminar structure will effectively cover the key areas of interest in AI and ML, promoting both educational and professional development

Expected Outcomes:

All The Students Who Have Participated In A One Day Seminar On “**A ONE DAY SEMINAR ON RESEARCH ON ARTIFICIAL INTELLIGENCE AND MACHINE LEARNING**” gained comprehensive insights into the latest research and technological advancements in artificial intelligence and machine learning and new research technologies in AI and ML across various sectors healthcare, finance, and manufacturing. These outcomes will contribute to the advancement of AI and ML by promoting a culture of continuous learning, collaboration, and innovation within the industry.

Sri VENKATESWARA College of Engineering & Technology is committed to “impart quality education to the youth enable them the right attitude, professional competency and inculcate ethical values”.

ABOUT THE DEPARTMENT

Computer Science and Engineering is a profession that uses science, technology and problem solving skills will acquire knowledge of the design, implementation, and management of information systems of both hardware and Software. The department of CSE was established in 2008 with aim of importing high quality technical education in the area with an intake of 60 and enhanced to 120 in the year of 2022. The Department of Computer Science and Engineering (CSE) is a vibrant and dynamic entity focused on imparting quality education and fostering innovative research in the field of computer science.

The Department of Computer Science and Engineering (CSE) is To provide high-quality education and research opportunities that prepare students for successful careers in academia, industry, and research.

Department Vision

Our vision is to be a global leader in computer science and engineering education, research, and innovation.

Department Mission

Our mission is to advance the frontiers of computer science and engineering through excellence in education, research, and innovation. We are committed to providing our students with a comprehensive and cutting-edge education that prepares them to become leaders and innovators in the rapidly evolving field of computing.

ABOUT THE INSTITUTION

Sri Venkateswara College of Engineering & Technology, Etcherla was established in 2008 by **Vikas Educational Society** with an avowed Objective of accelerating the growth of science and technology in this industrially backward Srikakulam district. The Institution aims at providing state-of-the-art technology to the student community to broaden their horizon for a better and prospective tomorrow in their own interest and also in interest of the society at large. We have extensive record in the field of education. The institution is endowed with highly qualified and seasoned faculty on its rolls.

ABOUT THE DEPARTMENT

Artificial Intelligence And Machine Learning is a profession that links science, technology and problem solving skills to acquire knowledge of the design, implementation, and management of information systems of both hardware and software. You will further, learn to use computing and information technology to help solve existing and potential real-world problems that we face in business, science, and society. It is a challenging but exciting and rewarding area to study. The department of AIML was established in 2008 with aim of importing high quality technical education in the area of Artificial Intelligence And Machine Learning with an intake of 60 and now it is affiliated to Jawaharlal Nehru Technological University, Gurajada Vizianagaram approved by AICTE- New Delhi. The Department of AIML offers many courses that can be chosen as electives by the students of the other departments. The curriculum has been designed to take the college to levels on par with advanced institutes. The department is working for the improvement of Industry –Institute Interaction in terms of academics & research and also for the development of infrastructure to match the needs of the industry.

Department Vision

Our vision is to be a global leader in Artificial Intelligence & Machine Learning education, research, and innovation.

Department Mission

Our mission is to advance the frontiers of Artificial Intelligence & Machine Learning through excellence in education, research, and innovation. We are committed to providing our students with a comprehensive and cutting-edge education that prepares them to become leaders and innovators in the rapidly evolving field of computing.

PROGRAM REPORT

It is to inform that **A ONE DAY RESEARCH SEMINAR ON: DEEP DRIVE INTO AIML: EMERGING TRENDS AND RESEARCH DIRECTIONS** has been conducted on **17th Mar 2023** [10.00 AM to 04.00 PM] in the Digital Hall of AIML department. The following member is invited as a Resource person for the seminar.

Resource person: Dr. S. Mouli, Professor, Computer Science Engineering, SISTAM, Srikakulam.

Sri, Mr. P. S. S. R. M. Raju HOD of AIML Dept. is the coordinator of the program.

The seminar deeply impressed and inspired all attendees, who expressed keen interest and recognized its significance as a valuable real-time learning opportunity.

OBJECTIVES OF THE PROGRAM

The objective of the program is to bring awareness in the Facilitate discussions to identify key research directions and potential areas for innovation within the field of AI and ML, encouraging attendees to contribute to the advancement of knowledge in this domain.

OUTCOMES OF THE PROGRAM

All the students who have participated in **A ONE DAY RESEARCH SEMINAR ON: DEEP DRIVE INTO AIML: EMERGING TRENDS AND RESEARCH DIRECTIONS** have felt free and realized the importance of research and Participants gain a deeper understanding of the latest developments and future directions in AI and ML, enabling them to stay informed and updated on the rapidly evolving landscape of these technologies. **37 students participated in the program.**

About the Institution:

Sri Venkateswara College of Engineering & Technology ETCHERLA were established in 2008 by VIKAS EDUCATIONAL SOCIETY (1997) with an avowed objective of accelerating the growth of science and technology in this industrially backward Srikakulam district. The Institution aims at providing state-of-the-art technology to the student community to broaden their horizon for a better and prospective tomorrow in their own interest and also in interest of the society at large. We have extensive record in the field of education. The institution is endowed with highly qualified and seasoned faculty on its rolls. Sri VENKATESWARA College of Engineering & Technology is committed to “impart quality education to the youth enable them the right attitude, professional competency and inculcate ethical values”.

About the Department:

Computer Science and Engineering is a profession that uses science, technology and problem solving skills will acquire knowledge of the design, implementation, and management of information systems of both hardware and Software. The department of CSE was established in 2008 with aim of importing high quality technical education in the area with an intake of 60 and Increased to 120 in the year of 2022.

Department Vision:

Our vision is to be a global leader in computer science and engineering education, research, and innovation.

Department Mission:

Our mission is to advance the frontiers of computer science and engineering through excellence in education, research, and innovation. We are committed to providing our students with a comprehensive and cutting-edge education that prepares them to become leaders and innovators in the rapidly evolving field of computing.

Objective:

The objective of the program is to raise awareness among attendees about the importance of intellectual property protection as a strategic asset for businesses, industries, and national economies in today's knowledge-based economy.

Expected Outcomes:

Participants will learn how to strategically manage and leverage intellectual property rights to drive business success, including strategies for IP portfolio management, licensing, technology transfer, and IP-based business models.

ABOUT THE PROGRAM

Objective:

The objective of the program is to explore and discuss the latest research, technological advancements, and development trends in wireless communication systems, fostering knowledge exchange, collaboration, and innovation among industry professionals, researchers, and students. This seminar structure will effectively cover the key areas of interest in wireless communication systems, promoting both educational and professional development.

Expected Outcomes:

All The Students Who Have Participated In A One Day Seminar On **"A ONE DAY SEMINAR ON RESEARCH AND DEVELOPMENT OF WIRELESS COMMUNICATION SYSTEM"** gain comprehensive insights into the latest research and technological advancements in wireless communication systems. These outcomes will contribute to the advancement of wireless communication systems by promoting a culture of continuous learning, collaboration, and innovation within the industry. And all are Exposure to best practices and case studies demonstrating successful implementations of wireless technologies.

ABOUT THE INSTITUTION

Sri Venkateswara College of Engineering & Technology ETCHERLA were established in 2008 by VIKAS EDUCATIONAL SOCIETY (1997) with an avowed objective of accelerating the growth of science and technology in this industrially backward Srikakulam district. The Institution aims at providing state-of-the-art technology to the student community to broaden their horizon for a better and prospective tomorrow in their own interest and also in interest of the society at large. We have extensive record in the field of education. The institution is endowed with highly qualified and seasoned faculty on its rolls. Sri VENKATESWARA College of Engineering & Technology is committed to "impart quality education to the youth enable them the right attitude, professional competency and inculcate ethical values".

ABOUT THE DEPARTMENT

The Department of Electronics & communication Engineering, SVCET was established in 2008. The department is currently offering UG Program B.Tech in ECE and PG Program MTech in VLSI Design . The Electronics & communication Engineering Department has the state of .art infrastructure with well equipped labs, software and computer center. . They are supported by experienced and qualified faculty. The laboratory facilities are available in all subject areas of ECE Engineering. In addition to the regular curriculum, the department is offering add on courses on communication skills, arithmetical reasoning, programming languages etc. for enriching the competitive knowledge of the students and preparing them for better employability. Students are also engaged in the projects works which demands the needs of social body in the surrounding situations as well as in the research projects. are from R&B, RWS, Irrigation etc

The Department of Electronics and Communication Engineering (ECE) is dedicated to excellence in education, research, and technological development in the field of electronics and communication

DEPARTMENT VISION

➤ Emerge as a Center of pre-eminence in Electronics and Communication Engineering education, research and services.

DEPARTMENT MISSION

➤ To produce graduates with scientific and technical knowledge and excellent electronics and communication engineering skills for professional practice, employment, advanced study and research

➤ To inculcate professional and ethical values related to industry, society and environment. To interact with industries, to meet their requirements through employable

PROGRAM REPORT

It is to inform that “A ONE DAY SEMINAR ON RESEARCH AND DEVELOPMENT OF WIRELESS COMMUNICATION SYSTEM” has been conducted on 06.04.2023 [10am to 4pm] in the Digital hall of CSE Department.

The following member is invited as a Resource person for the seminar.

Name: Dr. Gottapu Appala Naidu, Assistant Professor of ECE Department, Jawaharlal Nehru Technological University, Gurajada Vizianagaram

Mr.P. Mohankrishna Asst.Prof ,ECE Dept, is the coordinator of the program.

Total Number of Students attended: 36

The Resource person has explained about importance and scope of research and development on wireless communication system and Explore current and emerging research areas within wireless communication system. All the participants felt highly impressed and motivated of the Seminar.

OBJECTIVES OF THE PROGRAM

The objective of the program is to explore and discuss the latest research, technological advancements, and development trends in wireless communication systems, fostering knowledge exchange, collaboration, and innovation among industry professionals, researchers, and students. This seminar structure will effectively cover the key areas of interest in wireless communication systems, promoting both educational and professional development.

OUTCOMES OF THE PROGRAM

All the Students Who Have participated In “A ONE DAY SEMINAR ON RESEARCH AND DEVELOPMENT OF WIRELESS COMMUNICATION SYSTEM” gain comprehensive insights into the latest research and technological advancements in wireless communication systems.
