About the Institution:

Sri Venkateswara College of Engineering & Technology ETCHERLA were established in 2008 by VIKAS EDUCATIONAL SOCIETY (1997) with an avowed objective of accelerating the growth of science and technology in this industrially backward Srikakulam district. The Institution aims at providing state-of-the-art technology to the student community to broaden their horizon for a better and prospective tomorrow in their own interest and also in interest of the society at large. We have extensive record in the field of education. The institution is endowed with highly qualified and seasoned faculty on its rolls. Sri VENKATESWARA College of Engineering & Technology is committed to “impart quality education to the youth enable them the right attitude, professional competency and inculcate ethical values”.

About the Department:

Computer Science and Engineering is a profession that uses science, technology and problem solving skills will acquire knowledge of the design, implementation, and management of information systems of both hardware and Software. The department of CSE was established in 2008 with aim of importing high quality technical education in the area with an intake of 60.

Department Vision:

Our vision is to be a global leader in computer science and engineering education, research, and innovation.

Department Mission:

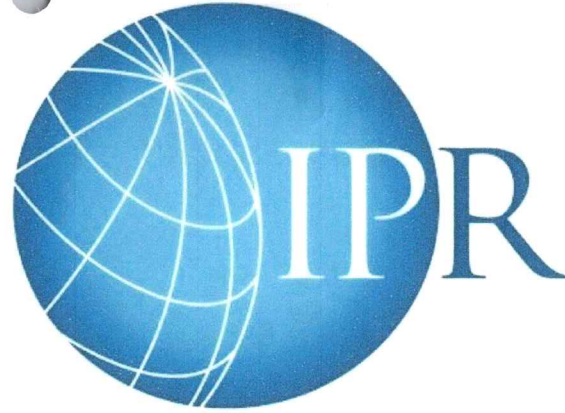

Our mission is to advance the frontiers of computer science and engineering through excellence in education, research, and innovation. We are committed to providing our students with a comprehensive and cutting-edge education that prepares them to become leaders and innovators in the rapidly evolving field of computing.

Objective:

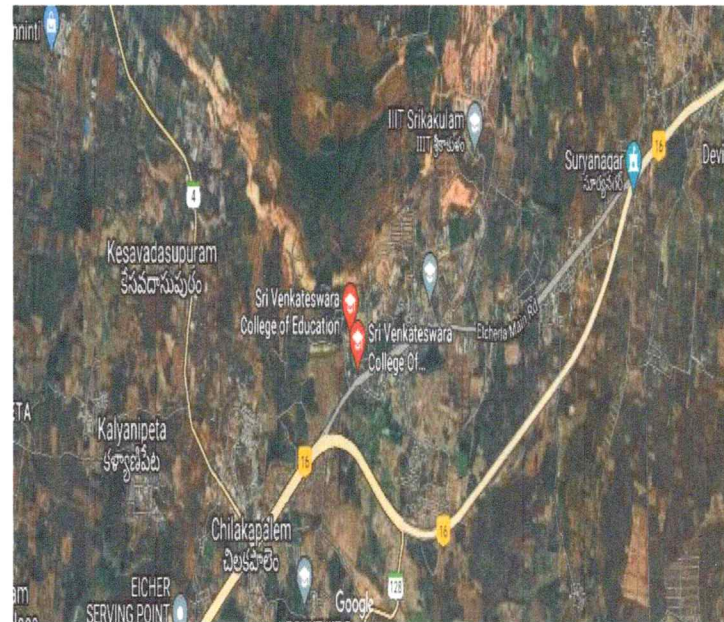

The objective of the program is Raise awareness among participants about the latest developments, trends, and challenges in the field of intellectual property rights, including advancements in technology, changes in legal frameworks, and emerging global trends.

Expected Outcomes:

Participants will become aware of emerging issues and trends in the field of intellectual property, such as developments in technology, changes in legal frameworks, and global trends impacting IPR.

www.svcet.info

ABOUT THE COLLEGE:

Sri Venkateswara College of Engineering & Technology, Etcherla, Srikakulam (Dist.) was established in 2008 by VIKAS EDUCATIONAL SOCIETY (1997) with an avowed objective of accelerating the growth of science and technology in this industrially backward Srikakulam district. SVCET is accredited by NAAC in 2016. The Institution aims at providing state-of-the-art technology to the student community to broaden their horizon for a better and prospective tomorrow end owed with highly qualified and seasoned faculty on its rolls. Sri Venkateswara College of Engineering & Technology is committed to "Impart quality education to the youth enable them the right attitude, professional competency and inculcate ethical values. The Institute is a recipient of Best Green Campus award for 2017 by Govt. of A.P. in 2018.

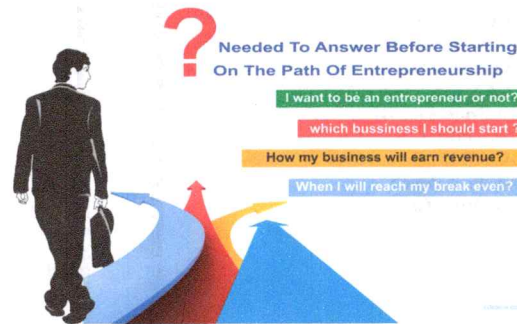

ABOUT EDC:

Entrepreneurship Development Cell (EDC) is being promoted in SVCET to develop institutional mechanism to create entrepreneurial culture and to foster entrepreneurship for generation of wealth and employment. To guide and assist prospective entrepreneurs on various aspects such as preparing project reports, obtaining project approvals, loans and facilities from agencies of support system, information on technologies, To arrange interaction with entrepreneurs and create a mentorship scheme for student entrepreneurs.

Cell is a core area in an Engineering College which complements the efforts of the members of faculty by organizing value-added programs and providing placement opportunities to students. The cell continuously coordinates with various industries and organizations for placement of the students.

ABOUT THE WORKSHOP:

A Workshop on 'Innovation and Entrepreneurship' is beneficial objective in the field of Entrepreneurship. It is a practical tool for helping participants to develop Personal Entrepreneurial Competencies (PECs) Entrepreneurship is a dynamic process of vision change and creation. It requires an application of energy and passion towards the creation and implementation of new ideas and creative solutions. Essential ingredients include the willingness to take calculated risks – in terms of time, equity, or career; the ability to formulate an effective venture team; the creative skill to marshal needed resources; and fundamental skill of building solid business plan.

PROGRAM REPORT

Date: 28/06/2019

EDC Cell is organised A **One-day Workshop on Experts Lectures on “Innovations and Entrepreneurship”**.

The following member is invited as a Resource person for the Workshop

Dr. G. TULASIRAO, Professor, Dept. Of MBA, Dr. BR. Ambedkar university, Etcherla, Srikakulam.

Highlighted the importance of new ideas for Business development to achieve the Success

The expert sessions covered various aspects of innovations & Entrepreneurship:

- **Revolutionizing Business:** Exploring Innovations and Entrepreneurship Welcome to this presentation where we delve into the exciting world of business revolution and the role of innovation and entrepreneurship. Today, we will explore how groundbreaking ideas and entrepreneurial spirit are reshaping industries and driving success. Join us on this journey of discovery and inspiration.
- **Innovation: The Key to Success**
Innovation is the driving force behind successful businesses in today's rapidly evolving landscape. It enables organizations to adapt, stay ahead of the competition, and create value for customers. By fostering a culture of innovation, companies can unlock new opportunities, improve processes, and deliver groundbreaking products and services. Embracing innovation is essential for long-term success in the modern business world.

- **Entrepreneurship: The Catalyst for Change**

Entrepreneurship fuels the engine of business revolution. Entrepreneurs are the risk-takers and visionaries who disrupt traditional models, challenge the status quo, and create new markets. Their ability to identify opportunities, take calculated risks, and drive innovation forward is what sets them apart. Entrepreneurship not only drives economic growth but also inspires others to push boundaries and pursue their own entrepreneurial aspirations.

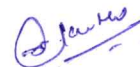

All the Participants felt highly impressed and motivated of the seminar. They feel that it is a real time experience for them in participating in the seminar.

OBJECTIVES OF THE PROGRAM

The objective of the program is to bring awareness in the students in a rapidly changing business landscape, organizations must embrace disruption rather than fear it. By recognizing the potential of disruptive technologies, business models, and market shifts, companies can proactively adapt and seize new opportunities. Embracing disruption involves a mindset shift, agility, and a willingness to challenge conventional thinking. Those who adapt quickly and effectively to change will thrive in the revolutionized business environment.

OUTCOMES OF THE PROGRAM

All the students who are participate in the program have felt free and realised the importance of knowledge about Innovation and entrepreneurship are the catalysts that revolutionize the business landscape. By embracing innovation, adapting to change, and fostering collaboration, organizations can navigate the evolving marketplace and achieve sustainable success. The future belongs to those who dare to challenge conventions, disrupt industries, and create new possibilities. Let us embark on this transformative journey together and shape the future of business.

CIRCULAR

Date 24-06-2019

This is to inform to all the students of B-Tech that we are going to conduct **A One Day Seminar On Intellectual Property Rights: A New Challenges For Higher Education** on **01/07/2019**[10A.M to 4P.M] All the students have to report at the seminar hall sharp at 9:30A.M with the proper dress code and with ID cards. Attendance is mandatory.

Resource person: Mr. Sanapala Bhaskara Rao, Assistant Professor, CSE Department, SVCET, Etcherla, Srikakulam

All the students have to attend the seminar hall of the BS&H department at 9:30P.M without fail.

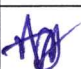

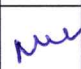

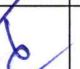

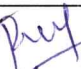

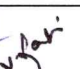

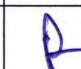

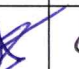

This program is aimed to: The participants gain knowledge on IPR and research activities and Misuse of IPR and the economic development.

About the Institution:

Sri Venkateswara College of Engineering & Technology ETCHERLA were established in 2008 by VIKAS EDUCATIONAL SOCIETY (1997) with an avowed objective of accelerating the growth of science and technology in this industrially backward Srikakulam district. The Institution aims at providing state-of-the-art technology to the student community to broaden their horizon for a better and prospective tomorrow in their own interest and also in interest of the society at large. We have extensive record in the field of education. The institution is endowed with highly qualified and seasoned faculty on its rolls. Sri VENKATESWARA College of Engineering & Technology is committed to “impart quality education to the youth enable them the right attitude, professional competency and inculcate ethical values”.

About the Department:

Electronics and Communication Engineering departments typically offer undergraduate, graduate, and Post Graduate programs. Students in these programs learn foundational principles through coursework, engage in hands-on projects and research, and often have opportunities for internships or co-op experiences in industry. The department of ECE was established in 2008 with aim of importing high quality technical education in the area with an intake of 120. The department of ECE offers many courses that can be chosen as electives by the students of the other departments. The curriculum has been designed to take the college to levels on par with advanced institutes.

Department Vision:

Emerge as a center of pre-Enhance in Electronics and communication Engineering Education, Research and Services.

Department Mission:

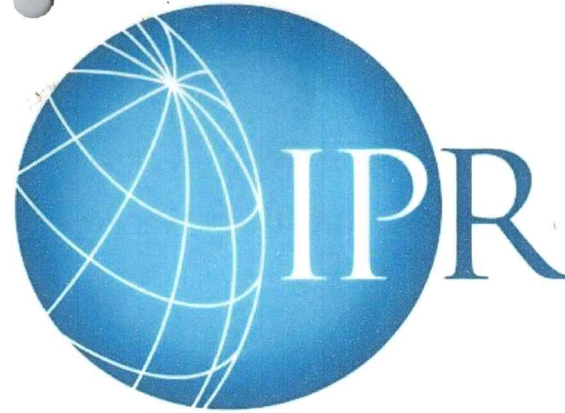

Our mission is to Produce graduates with scientific and technical Knowledge and excellent electronic and communication engineering skills for professional practice employment, advance study and research. To introduced Professional and ethical values related to industry, Society and environment. To interact with industries, to meet their requirements through employable graduates.

Objective:

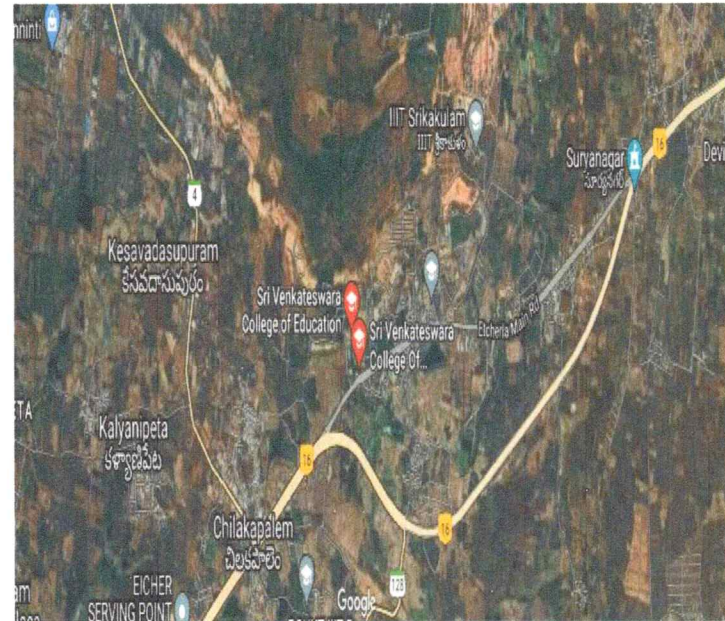

The objective of the program is to raise awareness among participants about the unique challenges faced by higher education institutions regarding intellectual property rights, such as copyright issues, patenting processes, and technology transfer complexities.

Expected Outcomes:

Participants will engage in discussions to explore collaborative solutions to common challenges faced by higher education institutions in managing intellectual property rights, fostering networking and knowledge exchange among stakeholders.

PROGRAM REPORT

Date 02-07-2019

It is to inform that A **One Day Seminar on Intellectual Property Rights: New Challenges for Higher Education** has been conducted during 01st July 2019 in the Digital hall of BS&H department.

Resource person:

Sanapala Bhaskara Rao

Assistant Professor

CSE Department

SVCET

Etcherla, Srikakulam

CO-ORDINATOR:

D. Tirumala Rao

Professor, ECE department

SVCET

Number of Students Participated: 37

OBJECTIVES OF THE PROGRAM

The objective of the one-day seminar on "Intellectual Property Rights: New Challenges for Higher Education" is to examine the evolving landscape of intellectual property (IP) within the realm of higher education. The seminar aims to explore the emerging challenges and opportunities faced by academic institutions, faculty members, researchers, and students in navigating intellectual property rights in the context of teaching, research, and innovation.

We have extensive record in the field of education. The institution is endowed with highly qualified and seasoned faculty on its rolls. Sri VENKATESWARA College of Engineering & Technology is committed to "impart quality education to the youth enable them the right attitude, professional competency and inculcate ethical values".

ABOUT THE DEPARTMENT

Mechanical Engineering Department was established in the year of 2009. The Department is offering four year UG program with intake of 120 & Two years PG program in the specialization of "Thermal Engineering" from the year 2014 with intake of 18. The strength of the department lies with dedicated and enthusiastic staff and most of them are well qualified from reputed institutions with different specialization and experienced. The faculty is focused towards inculcating technical creativity in the students along with theoretical as well as practical knowledge. The excellent facilities are available to achieve this aim.

DEPARTMENT VISION

Emerge as a Center of pre-eminence in Mechanical Engineering Education, Research and Services.

DEPARTMENT MISSION

To produce graduates with scientific and technical knowledge and excellent mechanical engineering skills for professional practice, employment, advanced study and research. To inculcate professional and ethical values related to industry, society and environment.

PROGRAM REPORT

A ONE DAY WORKSHOP FOR ADVANCING TRANSPORTATION ENGINEERING THROUGH RESEARCH AND INNOVATION has been conducted on 12-Sep-2019 [10.00 AM to 4.30 PM] in the seminar Hall of Mechanical Department. The following member is invited as a Resource person for the seminar.

Resource person: Dr. J. Bala Bhaskara Rao, Professor, Mechanical Engineering, Sri Sivani College Of Engineering, Chilakapalem, Srikakulam

Sri, N. Mahesh Kumar , HoD of Mechanical Dept. is the coordinator of the program.

The seminar left all attendees deeply impressed and motivated, expressing enthusiasm and acknowledging its significance. They recognized the seminar as a valuable real-time learning experience, underscoring its importance in their professional growth.

OBJECTIVES OF THE PROGRAM

Participants engaged in dynamic discussions, exploring innovative solutions and research paradigms shaping the future of transportation. The workshop fostered collaboration, inspiring attendees to apply newfound insights to drive excellence in transportation engineering.

OUTCOMES OF THE PROGRAM

All the students who have participated in A ONE DAY WORKSHOP FOR ADVANCING TRANSPORTATION ENGINEERING THROUGH RESEARCH AND INNOVATION have felt liberated and recognized the significance of research, displaying great enthusiasm to immerse themselves in research endeavors upon completing their studies. **30 students participated in the program.**

Sri VENKATESWARA College of Engineering & Technology is committed to "impart quality education to the youth enable them the right attitude, professional competency and inculcate ethical values".

ABOUT THE DEPARTMENT

Electrical and Electronics Engineering is a profession that uses science, technology and problem solving skills to design construct and maintain products. It is a challenging but exciting and rewarding area to study. The department of EEE was established in 2008 with aim of importing high quality technical education in the area of Electrical and Electronics Engineering with an intake of 60. The department offers post graduate program in the specialization of Power Electronics and control systems. The department of EEE offers many courses that can be chosen as electives by the students of the other departments. The curriculum has been designed to take the college to levels on par with advanced institutes.

DEPARTMENT VISION

To be a globally recognized center of excellence in Electrical and Electronic Engineering, pioneering innovations that shape the future of technology and society.

DEPARTMENT MISSION

Our mission is to provide transformative education, conduct cutting-edge research, and foster innovation in Electrical and Electronic Engineering to address global challenges and improve quality of life

PROGRAM REPORT

ONE-DAY SEMINAR ON RECENT DEVELOPMENTS IN ROBOTICS RESEARCH FROM THEORY TO APPLICATION has been conducted on 27th Nov 2019 [10.00AM to 04.00PM] in the Digital Hall of EEE Department. The following member is invited as a Resource person for the seminar.

Resource person: Mr. K. Prema Kumar, Associate Professor, Mechanical Engineering
Sri Sivani College Of Engineering, Chilakapalem, Srikakulam

Sri, APPA RAO HOD of EEE Dept. is the coordinator of the program.

All participants were deeply impressed and motivated by the seminar, expressing keen interest and recognizing its significance. They regarded their participation as a valuable real-time experience, underscoring the seminar's importance in their professional development.

OBJECTIVES OF THE PROGRAM

The objective of the program is to bring awareness on cutting-edge technologies, fostering dialogue on bridging theory with real-world implementation. Attendees gained valuable knowledge on the evolving role of robotics across various domains.

OUTCOMES OF THE PROGRAM

All the students who have participated in **ONE-DAY SEMINAR ON RECENT DEVELOPMENTS IN ROBOTICS RESEARCH FROM THEORY TO APPLICATION** have felt free and realized the importance of research and very much enthusiastic to get them absorbed in research after completion of their studies. **25 students participated in the program.**

ABOUT THE PROGRAM

Objective:

The objective of the program is to bring awareness in the young technical minds to understand themselves knowledge and confident in Scientific Research. This workshop is to equip students in science and engineering with the essential techniques and methodologies needed to conduct high-quality scientific research.

Expected Outcomes:

All The Students Who Have Participated In A One Day Seminar On “**A ONE-DAY WORKSHOP FOR SCIENCE AND ENGINEERING SCIENTIFIC RESEARCH TECHNIQUES**” Have Felt Free And Realized The Importance Of Research And Very Much Enthusiastic To Get Them Absorbed In Research After Completion Of Their Studies. This workshop aims to provide participants with a robust foundation in scientific research techniques, enhance their research capabilities, and foster a collaborative research environment

ABOUT THE INSTITUTION

Sri Venkateswara College of Engineering & Technology ETCHERLA were established in 2008 by VIKAS EDUCATIONAL SOCIETY (1997) with an avowed objective of accelerating the growth of science and technology in this industrially backward Srikakulam district. The Institution aims at providing state-of-the-art technology to the student community to broaden their horizon for a better and prospective tomorrow in their own interest and also in interest of the society at large. We have extensive record in the field of education. The institution is endowed with highly qualified and seasoned faculty on its rolls. Sri VENKATESWARA College of Engineering & Technology is committed to “impart quality education to the youth enable them the right attitude, professional competency and inculcate ethical values”.

ABOUT THE DEPARTMENT

Electrical and Electronics Engineering is a profession that uses science, technology and problem solving skills to design construct and maintain products. It is a challenging but exciting and rewarding area to study. The department of EEE was established in 2008 with aim of importing high quality technical education in the area of Electrical and Electronics Engineering with an intake of 60. The department offers post graduate program in the specialization of Power Electronics and control systems. The department of EEE offers many courses that can be chosen as electives by the students of the other departments. The curriculum has been designed to take the college to levels on par with advanced institutes.

The EEE Department has well qualified and experienced faculty members supported by trainers. The department adopts the right blend of practical approaches in training the students and placements.

DEPARTMENT VISION

To be a globally recognized center of excellence in Electrical and Electronic Engineering, pioneering innovations that shape the future of technology and society.

DEPARTMENT MISSION

Our mission is to provide transformative education, conduct cutting-edge research, and foster innovation in Electrical and Electronic Engineering to address global challenges and improve quality of life.

PROGRAM REPORT

It is to inform that “A ONE-DAY WORKSHOP FOR SCIENCE AND ENGINEERING SCIENTIFIC RESEARCH TECHNIQUES” has been conducted on 11.12.2019 [10am to 4pm] in the Seminar hall of EEE department.

The following member is invited as a Resource person for the seminar.

NAME: Dr. J. Bala Bhaskar, Professor, Principal, Professor, Principal, Sri Sivani Engineering College (SSCE), Chilakapalem

Mr.K.Seethramayya, Assist. Professor, EEE Dept, is the coordinator of the program.

Number of Students attended: 35

The Resource person has expressed significant step towards enhancing our research practices and ensuring compliance with regulatory requirements. Its Provide a comprehensive understanding of various scientific research techniques. All the participants felt highly impressed and motivated and they expressed their interest and realized the importance of the Seminar.

OBJECTIVES OF THE PROGRAM

The objective of the program is to bring awareness in the young technical minds to understand themselves knowledge and confident in research. Its provide a comprehensive overview of scientific research techniques, ensuring participants leave with practical knowledge and skills applicable to their own research endeavors.

OUTCOMES OF THE PROGRAM

All the students who have participated in “A ONE-DAY WORKSHOP FOR SCIENCE AND ENGINEERING SCIENTIFIC RESEARCH TECHNIQUES” have felt free and realized the importance of research and very much enthusiastic to get them absorbed in research after completion of their studies.35 students participated in the program.

PROGRAM REPORT

Date 17-12-2019

It is to inform that **A One Day Seminar on Challenges in Intellectual Property Rights** has been conducted during 16th Dec 2019 in the Digital hall of BS&H department.

RESOURCE PERSON:

Dr. N. Mahesh Kumar,
Professor,
Mechanical Engineering,
SVCET,
Srikakulam

CO-ORDINATOR:

M. Raja Mohan
Asst. Professor
MBA Department,
SVCET

Number of Students Participated: 35

OBJECTIVES OF THE PROGRAM

The objective of the program is to facilitate discussions and exchange of ideas among experts, professionals, and stakeholders in the field of intellectual property. The seminar aims to explore the emerging challenges and opportunities faced by academic institutions, faculty members, researchers, and students in navigating intellectual property rights in the context of teaching, research, and innovation.

Department Mission:

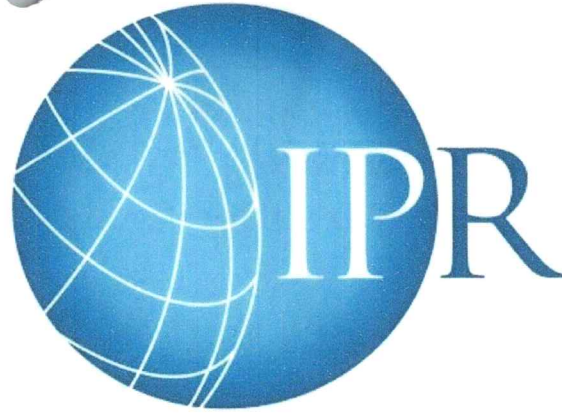

The Mission of an MBA department typically includes, providing a rigorous and relevant curriculum that prepares students for leadership roles in diverse industries.

Objective:

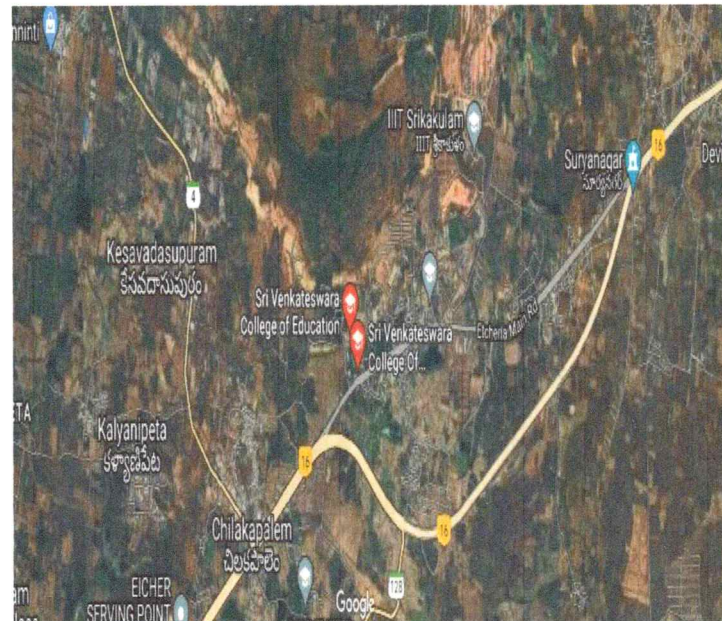

The objective of the program is to provide opportunities for inventors, entrepreneurs, and creators to network, collaborate, and share experiences, ideas, and resources with each other, as well as with intellectual property experts, legal professionals, industry representatives, and potential investors.

Expected Outcomes:

Participants will gain a heightened awareness of the importance of intellectual property rights (IPR) for inventors, entrepreneurs, and creators, understanding how these rights can protect and monetize their innovations, products, and creative works.

ABOUT THE COLLEGE:

Sri Venkateswara College of Engineering & Technology, Etcherla, Srikakulam (Dist.) was established in 2008 by VIKAS EDUCATIONAL SOCIETY (1997) with an avowed objective of accelerating the growth of science and technology in this industrially backward Srikakulam district. SVCET is accredited by NAAC in 2016. The Institution aims at providing state-of-the-art technology to the student community to broaden their horizon for a better and prospective tomorrow endowed with highly qualified and seasoned faculty on its rolls. Sri Venkateswara College of Engineering & Technology is committed to "Impart quality education to the youth enable them the right attitude, professional competency and inculcate ethical values. The Institute is a recipient of Best Green Campus award for 2017 by Govt. of A.P. in 2018.

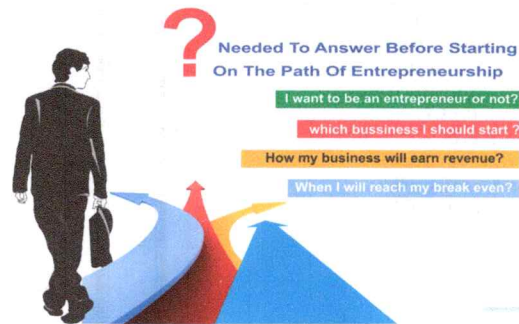

ABOUT EDC:

Entrepreneurship Development Cell (EDC) is being promoted in SVCET to develop institutional mechanism to create entrepreneurial culture and to foster entrepreneurship for generation of wealth and employment. To guide and assist prospective entrepreneurs on various aspects such as preparing project reports, obtaining project approvals, loans and facilities from agencies of support system, information on technologies, To arrange interaction with entrepreneurs and create a mentorship scheme for student entrepreneurs.

Cell is a core area in an Engineering College which complements the efforts of the members of faculty by organizing value-added programs and providing placement opportunities to students. The cell continuously coordinates with various industries and organizations for placement of the students.

ABOUT THE WORKSHOP:

A Workshop on 'Startups and Entrepreneurship' is a beneficial objective in the field of Entrepreneurship. It is a practical tool for helping participants to develop Personal Entrepreneurial Competencies (PECs). Entrepreneurship is a dynamic process of vision change and creation. It requires an application of energy and passion towards the creation and implementation of new ideas and creative solutions. Essential ingredients include the willingness to take calculated risks – in terms of time, equity, or career; the ability to formulate an effective venture team; the creative skill to marshal needed resources; and fundamental skill of building solid business plan.
